

SCIENCE

As scientists we will be observing changes over time when we grow our own beans. We will be learning about the properties of materials and deciding which materials are best for a particular purpose.

GEOGRAPHY

As geographers we will be identifying human and physical features of our local environment as well as developing our map work skills. We will be learning the countries and capital cities of the UK.

R.E.

We will be learning about Judaism, including a visit to the synagogue. We will be using key terminology and looking at religious artefacts.

MUSIC

As musicians we will be using our voices expressively by singing songs and chants. We will be playing tuned and un-tuned instruments musically.

Year 1

Amazing Adventures

DESIGN AND TECHNOLOGY

In DT we will be designing and making vehicles to use for an “amazing adventure”. We will be evaluating and improving our vehicles through the making process.

P.E.

In gymnastics we will be learning to perform a sequence or routine with a start and finish position. In dance we will be exploring the form of Morris dancing.

HISTORY

As historians we will be asking our own questions to find out about the past. We will be learning about The Wright Brothers who invented the aeroplane and the great explorer Christopher Columbus.

ART

As artists we will be learning the skills of drawing. We will be making decisions on the tools we think we should use for our drawings and we will be drawing in detail using careful observation and our sense of touch.

COMPUTING

In Computing we will be learning to follow instructions and create algorithms. We will be learning to give clear instructions to the programmable toys (beebots).
